Dear Mr. Schwerke,

Greg Benko of IPL suggested that I write to you. I am doing a monograph on Ricardo Vines, whose niece, Elvira Vines-Soto has already sent me considerable material about him.

I understand from Mr Benko that you knew Debussy and conceivably were acquainted with Vines as well. Would you care to tell me anything you remember about him or anything you have heard about him from friends or acquaintances?

I will be extremely grateful and will certainly acknowledge your assistance publicly. Among others who have already written to me, you might know J. Nin-Culmell, Henri Sauguet, Rene Leibowitz, D. Milhaud, E. Pujol, F. Sopena etc.

Thank you in advance for any help you can give me. If you would prefer speaking on a cassette, I can send you one to use (provided there is a recorder nearby!)
